Great for removing smudges, fingerprints and smears from paint, glass, and chrome. Excellent lubricant for Clay Magic®. Contains no silicones or waxes. Body Shop Safe. VOC Compliant.

**502050 1 gallon**

## Clay Magic INSTRUCTIONS FOR PAINT

**STEP 1:** Make sure the vehicle is properly washed using a premium Auto Magic® car wash soap. *See page 7.*

**STEP 2:** Form Clay Magic® into a pancake shape, about the size of the palm of your hand.

**STEP 3:** Spray Clay Magic Clay Lube onto a 3' X 3' section of the vehicle's painted surface.

**STEP 4:** Clay the surface with Clay Magic. Use as much pressure as needed to lift the contaminants off the surface. If you drop the clay onto the ground, pinch off any dirt or debris. If the clay is too dirty to clean, discard it.

**STEP 5:** Dry the area with a soft, clean terry or micro fiber towel. Repeat this process of "spraying & claying" to the entire vehicle. It's that easy. Your vehicle is now properly cleaned!

## CLAY MAGIC... THE ORIGINAL DETAILING CLAY!

This car was thoroughly washed, but after using Clay Magic, the remaining dirt on the surface was evident. Clay Magic really deep cleans and smooths the surfaces.  
**DON'T POLISH OR WAX WITHOUT IT!**
